

FEATHER-LIGHT FAMILY VAN

A slide out dinette, six berths, full ensuite and weighing in under 2.5ton – the Winnebago Minnie 2406 is the ultimate family tourer

You can't deny that America is home to some of the greatest road trips in the world – from route 66 to the Pacific Northwest, they have RV family vacations in the blood. It comes as no surprise then that this USA-built Winnebago Minnie 2406 carries every feature you can find to make travelling with younger generations as comfortable as possible.

From the full gel coat interior to the slide out diner, separate parents'

bedroom and spacious ensuite, every detail in the Minnie 2406 caters to parents who need a van that's easy to clean and gives both kids and adults alike their privacy. It can sleep up to six people, but for long term touring it really comes into its element accommodating a family of four.

Although the USA is known for thinking 'bigger is better', the Winnebago 2406 is surprisingly restrained. At almost 24 foot long it only weighs 2490kg when fully loaded – incredible for its sheer size.

THE ULTIMATE VAN FOR FAMILIES!

Accommodating a full size family in a 24 foot caravan isn't always easy – but this Winnebago does it with ease. By separating the master Queen bed from the rest of the van with a retaining media wall, parents can escape to their own oasis after dark without crowding the kids. At the other end of the van the kids have dual-lit bunk beds to themselves which are conveniently located next to the ensuite – meaning they won't wake you up when nature calls after midnight.

Travelling with a family means the RV kitchen becomes a hive of activity every morning. The Minnie 2406's kitchen is efficient and well designed, boasting a full oven and four burner cooktop, a 3 way 186L fridge, stainless steel microwave and rangehood. The split kitchen sink with flick mixer tap also has a fold down hardcover that doubles your preparation space when not in use.

VEHICLES THAT CAN TOW THIS VAN:

- Any 4WD with a braked towing capacity of at least 2.5ton
- Toyota Landcruiser 100 & 200 Series
- Nissan Patrol Y61 & Y62
- Most dual cab utes including Ford Ranger, ISUZU D-MAX, Holden Colorado, Mitsubishi Triton and more

BUILT STRONG & EASY TO TOW

Fully loaded the Winnebago Minnie 2406 weighs only 2490kg – making it one of the lightest 24 foot vans on the market. The secret is all in the construction, thanks to a full aluminium frame, surrounded by an ultra-strong, hail-proof fibreglass shell. The result is a full size family van that handles easily, can be towed by any vehicle with a 3ton towing capacity, and saves on fuel the further you venture with it.

RV PROFILE

WINNEBAGO MINNIE 2406

Red not your thing? Not to worry – the Winnebago Minnie 2406 comes in a variety of colours from red, green, orange and yellow to your more subdued colours like this classic grey. The Minnie 2406 comes with an impressive UV resistant fibreglass exterior that will retain the lustrous colour and shine of your van.

At rest the Minnie 2406 transforms into a modern family home thanks to the enormous slide out dinette. With 740mm of movement you can dramatically increase living space around the 6 seater lounge at a touch of a button. But it doesn't end there – the island table drops down to convert the entire slide out into a double bed, perfect for visiting guests, giving the older child some privacy or even the grandparents!
